

V-330C Excavator Mounted Vibratory Hammer

Description

V-330C Excavator mounted vibratory hammer is a kind of vibratory hammer, which is usually employed with excavator. Hammer, vice arm and clamp make up its main body. It drives piles in the way of vibration and can drive piles within 9meters or 12meter. Vibro pile driver, featured in small size, is agreeable for drainage maintenance and river bank reinforcement. What's more, it is also suitable for piling constructions, like concrete pile, casing piles and so on.

Features

1. V-330C Excavator mounted vibratory hammer is easy and flexible to operate.
2. It makes little noise and costs little to maintain.
3. Vibro pile driver is of precise design and reliable performance.
4. The hammer is efficient and effective.

Parameters

V-330C Excavator Mounted Vibratory Hammer	
Hydraulic System Operation Pressure (Bar)	300
Eccentric Moment (kg.m):	6.5
Frequency (r/min):	2400
Centrifugal Force (t):	45
Hydr. Oil flow (lpm):	209

Yong'an Machinery Co., LTD.

Add: No.88 Qing Ao Hill, Haian Haiyang Industrial Park, Wenzhou, China, 325205.

Fax: +86-577-65271769

E-mail: sales@yonganvibro.com

Size(W/O vice arm) (mm):	1245*880*2235
Weight (kg):	1650
Vice arm (m):	2.5
Clamp (kg):	C15:455kg
Suitable excavator (t):	30~35

Matters Should Be Noticed

The weight of excavator should be taken into consideration. And centrifugal force of V-330C excavator mounted vibratory hammer and limit of pile length should also be considered.

Payment and Package

1. 30% deposit payment should be paid after assigning the contract. Full payment should be paid before delivery.
2. Bare excavator mounted vibratory hammer would be wrapped with thin film or packaged in wooden boxes.

Yong'an Machine is a professional company that integrates design, development and manufacturing of vibratory hammer series products. With a global selling view, we focus our attention on brand operation and do our utmost to provide our customers with safe, reliable, professional and efficient piling equipment. Besides, our company is certificated by ISO9001 Qualification Management System. In 2010, we established corporative relationship with the leading hydraulic vibratory hammer manufacturer in the world, ICE Holland. At present, the company has become the leading enterprise in this industry.
