

V-400C Excavator Mounted Vibratory Hammer

Description

V-400C Excavator mounted vibratory hammer is another type of vibratory hammer. It attempts to drive piles by way of vibration. Vibro pile driver constitutes hammer, vice arm and clamp. Due to its much merits, it is agreeable for various piling operations and construction environments.

Features

1. V-400C Excavator mounted vibratory hammer is easy and flexible to operate.
2. It makes little noise and costs little to maintain.
3. Vibro pile driver is of precise design and reliable performance.
4. The hammer is efficient and effective.

Parameters

V-400C Excavator Mounted Vibratory Hammer	
Hydraulic System Operation Pressure (Bar)	300
Eccentric Moment (kg.m):	8
Frequency (r/min):	2400
Centrifugal Force (t):	50
Hydr. Oil flow (lpm):	258
Size(W/O vice arm) (mm):	1460*980*2340

Yong'an Machinery Co., LTD.

Add: No.88 Qing Ao Hill, Haian Haiyang Industrial Park, Wenzhou, China, 325205.

E-mail: sales@yonganvibro.com

Weight (kg):	2000
Vice arm (m):	2.5
Clamp C15 (kg):	600
Suitable excavator (t):	40~45

Applications

1. Due to its small size and simple operation, V-400C excavator mounted vibratory hammer is widely adapted for various construction environments, such as drainage maintenance, riverbank reinforcement and marshal operations.
2. Besides, vibro pile driver is agreeable for steel sheet piles, larson piles, concrete piles and casing piles as well.

Matters Should Be Noticed

The weight of excavator should be taken into consideration. And centrifugal force of V-250D excavator mounted vibratory hammer and limit of pile length should also be considered.

Payment and Package

1. 30% deposit payment should be paid after assigning the contract. Full payment should be paid before delivery.
2. Bare excavator mounted vibratory hammer will be wrapped with thin film or packaged in wooden boxes.

Yong'an Machinery Co., Ltd exercises strict control over raw material and quality of our products. We conduct outsourcing regulation, sampling inspection and tests alike during the whole producing procedure. And that is why excavator mounted vibratory hammer is certificated by both UC and ISO9001 quality management system. Besides, under the guidance of ecological environmental protection concept, the products and the productive process of Yong'an Machinery Co., Ltd. is environmental friendly.
